* Availity, LLC is an independent company providing administrative support services on behalf of UniCare Health Plan of West Virginia, Inc.

Section 1 - Basic Instructions

1 Council for Affordable Quality Health Care (CAQH)

CAQH is a non-profit alliance of health plans and trade associations focused on achievable, concrete initiatives designed to strengthen the nation's health care system and simplify health care administration. The CAQH CORE Phase I & II operating rules have been adopted by the Department of Health and Human Services as necessary business rules and guidelines for the electronic exchange of information. These operating rules are incorporated into this companion document.

Business Purpose

2 The purpose of generating a 270 Inquiry is to allow providers to determine if, and what, benefits and coverage a UniCare Health Plan of West Virginia, Inc. (UniCare) member with an ID card has for a specific period of time. To obtain the highest possibility of a patient match for eligibility, the following five primary identifiers should be supplied.

- Patient's First Name, in its entirety (10 characters): Loop 2100D, NM104 (if subscriber is the patient); Loop 2100C, NM104 (if dependent is the patient)
- Patient's Last Name: Loop 2100D or Loop 2100C, NM103
- Patient's Date of Birth: DMG02
- Subscriber ID Number exactly as it appears on the UniCare ID card including alphanumeric prefix, if applicable: NM109
- Dates of Eligibility requested by Provider: DTP03

When the criteria are not met, the AAA segments of the 271 Response will indicate the reason for why the 270 Inquiry has been rejected.

3 Delimiters

UniCare only accepts the following delimiters as defined by the ANSI standards of the basic character set:

- Data Element Separator, Asterisk (*)
- Repetition Separator (ISA11), Caret (^)
- Sub-Element Separator, Colon (:)
- Segment Terminator, Tilde (~)

NOTE! Since the above values are the only delimiters supported, the use of any other values will yield a file level rejection. Using values from the extended character set is not permitted without a mutual written agreement between UniCare and trading partner

4 Uppercase Letters

UniCare requests that all data be entered in UPPERCASE letters only.

5 Communication Protocol Specifications

Availity provides the following modes for submitting batch files of EDI transactions.

- Submit transaction files through SFTP
- Submit transaction files through Availity

Visit [Availity's EDI Companion Guide](#) for further details.

6 X12 and HIPAA Compliance Checking, and Business Edits

EDI interchanges processed by UniCare pass through HIPAA level 1-8 compliance edits before delivery to trading partner mailboxes.

Please visit the [Availity Batch Electronic Data Interchange Standard Companion Guide](#) for report options.

7 System Hours of Availability

As a CORE-certified health plan, UniCare follows the guidelines as set forth under Section 1 of the CAQH CORE System Availability Rule. Regularly scheduled system downtime/maintenance will be reserved for Sundays and the following holidays:

- New Year's Day (01/01/CCYY)
- Memorial Day (Last Monday in May)
- Independence Day (07/04/CCYY)
- Labor Day (First Monday in September)
- Thanksgiving Day (Fourth Thursday in November)
- Christmas Day (12/25/CCYY)

8 Acknowledgements and/or Reports

Submitting a 270 transaction, you will receive the following responses:

- Functional acknowledgement reports that includes TA1 (X12) & TA1 (864) when the ISA-IEA envelope cannot be processed and/or 999 when submitted 270 does not pass Level 2 HIPAA validation.
- 271 is returned in all other cases to indicate the member status.

9 Receiver ID

Availity Trading partners submit the receiver ID values (ISA08 and GS03) associated to the provider of service. The Application Receiver ID (GS03) is submitted as DEN when requesting eligibility for dental policies.

Section 2 - Enveloping

EDI envelopes control and track communications between you and UniCare. One envelope may contain many transaction sets grouped into the following:

- Interchange Control Header (ISA)
- Functional Group Header (GS)
- Functional Group Trailer (GE)
- Interchange Control Trailer (IEA)

UniCare has designated Availity to operate and serve as UniCare's EDI Gateway (entry point) as a no-cost option to our Trading Partners. Availity has specific requirements that must be adhered to and should be reviewed in order to ensure transactions are accepted, processed and ultimately delivered to UniCare.

For more information on submitting claims and the required ISA and GS envelope values, review the following topics in the [Availity EDI Guide](#).

- Uploading and downloading EDI files
- Control Segments/Envelopes
- FTP Client Confirmation
- Acknowledgements and Reports
