

Our Healthy Rewards program

helps you increase your quality scores,
and our members can earn rewards.

Through our Healthy Rewards program, members can earn \$20, \$25 or \$50 for getting certain health services. At the same time, you increase your practice's quality scores by providing members with vaccinations, screenings and medications they need.

Effective July 1, 2016, every time a member completes one of the healthy activities listed below, the

corresponding reward amount will be added to their Healthy Rewards card. Members can use their Healthy Rewards card on a variety of approved over-the-counter items at specific retailers, so they can stay healthy.

To help your practice, all Healthy Rewards activities are tied to HEDIS®* scores and health initiatives.

They include:
